

COSADE: Call for Sponsors

About the COSADE Workshop

COSADE (<http://COSADE.org/>) is a two-days workshop focused on the topic of “Constructive Side-Channel Analysis and Secure Design”.

Since 2010, COSADE provides an international platform for researchers, academics, and industry participants to present their work on Side-channel analysis (SCA), implementation attacks in order to enhance the robustness of cryptographic and security critical implementations within the design phase. It is an excellent opportunity to exchange on new results with international experts and to initiate new collaborations and information exchange at a professional level. The workshop will feature both invited presentations and contributed talks.

COSADE Venue

COSADE will take place at Paris, France on March 7th and 8th, 2013.

Call for Sponsors

COSADE welcomes sponsors to support this event.

Depending on the level of support the benefits can include:

Silver Sponsor (1500 €)

- the registration fee for one delegate,
- the possibility to exhibit a poster in the conference’s room,
- the advertisement of sponsorship on the COSADE’s web page and in the proceedings

Golden Sponsor (2500 €)

- the registration fee for two delegates,
- the possibility to exhibit a poster in the conference’s room,
- the advertisement of sponsorship on the COSADE’s web page and in the proceedings
- if requested, the inclusion of information about your company/institution in the proceeding bag,
- and, if requested, the printing of your logo on the proceeding bag, and a table for exhibition.

If you are interested in a sponsorship, please contact the local chair Prof. Jean-Luc Danger:

- Email: jean-luc.danger@telecom-paristech.fr
