About Fraunhofer:

Fraunhofer is the leading organization for applied research in Germany and Europe. Over 25.000 highly qualified employees are covering all areas of research and make customized services possible. **Fraunhofer Singapore** is the first Fraunhofer subsidiary in Asia, developing solutions and services that help companies and industries stay ahead of the competition.

BECOME A SPONSOR

COSADE'18 CALL FOR SPONSORS

We invite your company, organization or institution to partner with us in delivering this important international event. Your support will help us to improve the quality of the scientific program, to facilitate the participation of students and attendees from developing countries, and to enhance conference amenities for the benefit of all participants.

We are pleased to offer a broad range of sponsorship opportunities allowing companies and organizations to engage in the conference. By becoming a sponsor, you will effectively elevate your brand among leaders in the field, increase the visibility of your products and services, provide your staff access to the latest information about the current research, and demonstrate your commitment to the community

Why to become a Sponsor?

- Reach a diverse international audience both online and during the workshop
- Connect with attendees during the sessions and networking events
- Feature your company logo as a sponsor on the COSADE'18 website
- Get an acknowledgement in the conference proceedings and opening remarks
- Include promotional materials or gifts in registration packages
- Get space for an exhibit booth (approx. 8 sqm, exhibition space with 1 table)
- Train and educate attendees on new developments and features of your product

This booklet includes the application form and the sponsorship packages with detailed information on the available sponsorship levels. In case you consider the opportunity to take an active part at COSADE'18 by giving your financial support as an official sponsor, we encourage you to fill out the form at page 6 and sent it to cosade2018@fraunhofer.sg.

If you have any further questions or would like additional information about sponsoring, please contact us at cosade2018@fraunhofer.sg.

GENERAL INFORMATION

THE WORKSHOP

Side-Channel Analysis (SCA) and implementation attacks have become an important field of research at universities and in the industry. In order to enhance the resistance of cryptographic and security critical implementations within the design phase, constructive attacks and analyzing techniques may serve as a quality metric to optimize the design and development process. Since 2010, COSADE provides an international platform for researchers, academics, and industry participants to present their work and their current research topics. It is an excellent opportunity to exchange on new results with international experts and to initiate new collaborations and information exchange at a professional level. The workshop will feature both invited presentations and contributed talks.

COSADE is a two-days workshop focused on the topic of Constructive Side-Channel Analysis and Secure Design.

The workshop will take place in Singapore on April 23th and 24th, 2018. COSADE'18 is organized by Fraunhofer Singapore and Nanyang Technological University (NTU), Singapore.

The workshop is held in cooperation with International Association for Cryptologic Research (IACR).

We look forward to welcome you at COSADE 2018
from April 23th and 24th, 2018!

GENERAL INFORMATION

THE VENUE

COSADE'18 workshop and exhibition will take place at the brand-new renovated NTU Alumni House and Conference Center, Nanyang Technological University, One-North Campus. NTU at One-North campus is home to Alumni House and One-North Executive Centre.

Nanyang Technological University (NTU)
NTU Alumni Club and Executive Centre @ One North
11 Slim Barracks Rise
138664 Singapore

Located next to Fusionpolis, an epicenter of arts, business and technology. The One-North Campus is within walking distance from two MRT stations, namely Buona Vista and One-North.

BECOME A SPONSOR
